## About CNS

Convergent Network Solutions Ltd is a highly accredited London based Security Assessor and Network Security Specialist. Our goal is to create a truly pragmatic approach to security for all of our customers. We specialise in understanding the security market, compliance requirements and our customers’ specific internal policies and match them with services and solutions that fit their need. This is all underpinned with a high level of service and support to our customers. CNS was established in 1999 in response to market demand for a highly skilled security and networking consultancy in the heart of the city. CNS has grown rapidly since this time, both in company size, the depth and breadth of services offered and reputation for providing exemplary service. The company is majority owned by the principle directors.
