

Ensuring safe data delivery

QSA

Overview

CNS have been an independent provider of consultancy and security testing services for over 10 years. In that time CNS have been successfully assisting organisations with regulatory and governance challenges (CESG, FSA, ISO, SOX, BS etc.) whilst helping protect them against information security threats.

As a Payment Card Industry Qualified Security Assessor (QSA) CNS add another discipline to their proven auditing and assessment portfolio. CNS are currently working with many organisations to help them achieve PCI DSS compliance, these include – Virgin Atlantic, Sony, The British Red Cross, Nando's, PizzaHut & Red Letter Days.

About CNS

Convergent Network Solutions Ltd was established in 1999 in response to market demand for a highly skilled security and networking consultancy in the heart of the city. CNS has grown rapidly since this time, both in company size, the depth and breadth of services offered and reputation for providing exemplary service. The company is majority owned by the principle directors.

Our Services

CNS are able to offer end to end solutions for Companies seeking PCI DSS accreditation:

- 1. Pre-Audit Assessment:** CNS will scope the how much intervention is required from the QSA, understand where the customer is in the PCI DSS process and establish which networks, systems and business process will need attention.
- 2. Gap Analysis:** CNS will carry out a full assessment of current risks and steps needed to attain accreditation.
- 3. Remedial Planning:** as a solutions provider CNS will be able to plan, design and advise on any required security systems, technologies and supporting policies and procedures. CNS are multi-vendor accredited & vendor independent and regularly source appropriate blue-chip technology to their clients
- 4. Application & Network Testing:** CNS will perform all required testing of networks and applications within scope.
- 5. PCI DSS Audit & Certification:** CNS will plan, lead and control, to customer preference, the entire process to compliance and certification. This will include all on-site visits, report recreation and submission and PCI and Acquiring Bank liaison.
- 6. Continued Compliance:** CNS will provide all necessary on-going testing and auditing to ensure continued PCI DSS Compliance.
